

Search in AirSend

Content search

AirSend's content search is active in the dashboard and inside channels. The content search returns matching content in the following categories:

- channel names
- messages
- files
- actions
- user names

When you search in the dashboard, you find matching content in all channels; when you search in a channel, you find matching content within that channel only.

As you type into the search box, AirSend displays up to three matches per category under the search box. To see all matches, click **Enter** or click **Show All** for one of the search categories.

The screenshot shows the AirSend dashboard interface. At the top, there is a navigation bar with the AirSend logo, a search bar labeled "Search channels and files...", a close button (X), a notification bell, and a user profile for Jared Taylor. Below the navigation bar, the main content area is titled "Channels" and includes a "Show active" dropdown and a "Sort by" dropdown set to "Most Recently Active". The dashboard displays a grid of channel cards. Each card shows the channel name, a globe icon, a member count, a file count, and the last update time. A "Create New Channel" button is visible in the top left of the grid.

Channel Name	Members	Files	Last Updated
Wiki discussion	1 member	no file	Last updated a few seconds ago
SiteBuild User Forum	4 members	1 file	Last updated a minute ago
The Blue Carrot Cafe	2 members	9 files	Last updated 2 months ago
