

# 20.1 Places in the User Dashboard

 The User dashboard is available in FileCloud Server version 15 and later.

The User Dashboard is where you manage all of your FileCloud files and share knowledge between colleagues and teams.

 How Do I [Access the User Dashboard?](#)

Figure 1. The User Dashboard

The screenshot shows the FileCloud User Dashboard interface. The left sidebar contains a navigation menu with sections: FILES, SHARING, SHORTCUTS, SEARCH, MEDIA, and MISC. The main content area is divided into several sections: Files, Shortcuts, and Recent Files. The Files section shows a hierarchy of folders: My Files, Team Folders, Network Shares, and Shared with me. The Shortcuts section lists various subfolders like NewDrive, backups, boost\_1\_64\_0, uploads, and S3Mount. The Recent Files section displays a list of files with their names, dates, and sizes. The right sidebar features a search bar, a list of recent activities, and account information. Callouts provide additional context: 'Navigation Menu' points to the left sidebar; 'All available folder roots' points to the 'Files' section; 'Search all folders in "Files" section' points to the search bar; 'Recent Activities in the system' points to the 'Recent Activities' section; 'Notifications' points to the 'Notifications' section; 'Account info' points to the 'Account info' section; 'FileCloud now available on a server near you!' points to a message in the 'Shortcuts' section; 'Recently accessed files' points to the 'Recent Files' section; and 'Information from Admin' points to a message in the 'Shortcuts' section.
