

Files and Links Tab

The right panel includes a **Files and Links** tab:

It has three sub-tabs, **Media**, **Files**, and **Links**.

Media tab	Files tab	Links tab
The Media tab includes media files (image and video) added to messages or to the Files tab. All media files also appear in the Files tab. MediaFilesLinks Today This Year	The Files tab includes all files uploaded to the channel, the attachments folder (the default folder for message attachments) , and folders that you add.
