

Setting up an AirSend account

Open the AirSend website

1. Open the AirSend website at <https://www.airsend.io>.
2. In the upper-right corner, click **SIGN UP**.

3. Either sign in with your Google or Apple account or sign up with a new account by filling in your name, email and password and clicking **Sign Up**.

A screenshot of the AirSend sign-up form. The form is white with a blue header banner at the top. The banner contains the AirSend logo and the text "AIRSEND". Below the banner, there are two buttons: "Sign in with Google" and "Sign in with Apple". Below these buttons, there is a link "or use your email address". The form then has three input fields: "Name" (with a sub-label "Full Name"), "Email Address" (with a placeholder "your@email.com"), and "Password" (with a placeholder "*****"). Below the password field, there is a checkbox labeled "By signing up you accept our Terms and Privacy Policy". At the bottom of the form, there are two buttons: "Sign Up" and "Back to Login". A red arrow points from the "Sign in with Google" button towards the right, and another red arrow points from the "Sign Up" button towards the right.

2. Verify your email address

If you sign up using your email address, you will get an email to verify that you really own that email.

- Click the link in the email to verify your email address

If you don't get your verification email, please check your spam folder to see if your email provider has flagged it as spam. If your email is not in the spam folder, and you are having difficulties, please contact us by sending an email to AirSend support at support@codeatthe.com

3. Log in to AirSend

- Once your email is verified, click the **Login** button to sign into AirSend:
